## DRAWER INSTALLATION

If you need to remove the drawer with ball bearing slides from the unit, follow the steps below to prevent any damage to the slides or the drawer.

1. If you need to remove the drawer, please pull the drawer all the way out, then push the plastic release lever of the ball bearing slide up on one side and down on the other side, and then pull the drawer completely out. See detail #A.

Detail #A

2. To place the drawer back, simply push the ball bearing cart all the way to the end of the slide (in both sides), and align the slide runners on the drawer with the slide tracks on the unit and push it carefully inside until it stops. See detail #B.

Note: If they do not align properly, remove and repeat step 2
