- Save all packaging until finished-

Assembly Steps

Step 1

Open the small carton in the storage compartment of the ottoman and remove the 4 wooden legs.

Step 2

Use Washer Ring to achieve stability

Position the Ottoman on its back, as shown.

Attach the leg onto the ottoman by putting a washer (optional) on the threaded stem and then insert the threaded stem into the threaded hole at each corner of the bottom of the ottoman. Tighten by turning Leg clockwise. Repeat the same step to install the other three legs. When assembling the legs, two slant-angled sides of wooden leg must be affixed to be inward facing. This is the same position for both the FRONT and BACK pair for both LEFT and RIGHT legs.
