

C Stand

Assembly Guide

PARTS LIST

**Maximum
weight
capacity
300 lbs.**

ASSEMBLY INSTRUCTIONS

(You may need two people to assemble this frame.)

1. Remove all four parts from the hardware bag and follow the instructions.
2. Place all parts in an open area large enough for assembly.
3. Connect the two parts of the "C" (part 1 and 2) using the supplied nuts, bolts and washers.
4. Place the straight "T" foot (part 3) into the previously assembled "C" and bolt together with the supplied hardware,
5. Bolt the bowed back leg bracket (part 4) to the previously assembled "C" using the hole in the bottom part of the "C".
6. Make sure your frame is upright. Using a socket wrench or similar tool, bolt down the three nuts and bolts securely. Thumb press on the plastic bolt and nut caps.

CAUTION! DO NOT JUMP OR BOUNCE IN THE HAMMAKA C STAND; DOING SO MAY CAUSE SERIOUS INJURY OR DEATH!

The Hammaka C Stand's maximum weight capacity is 300 lbs. Do not exceed maximum weight capacity. Inspect hooks, and hardware before each use for rust or loosening that makes this product unsafe to use. If the functionality of the hardware has been compromised in any way do not use this product as doing so may cause serious injury or death. It may be necessary to tighten the hardware each time before using the product due to hot or cold weather conditions. Inspect the overall condition of this product before each use. Children should not use the Hammaka C Stand without adult supervision. This frame is not intended for swinging. Failure to comply may cause severe injury. This frame is built and designed for hammaka chairs.

WARRANTY AND CARE INSTRUCTIONS. Two year warranty. Register online at www.hammaka.com.

For maximum life of this product Hammaka recommends putting the item indoors when you are located in extreme weather conditions. Check all connections to make sure they are secure each time before and periodically while using the product. Check that the hardware has not rusted. Hammaka recommends using a rust inhibitor available at your local hardware store to prolong the life of the hardware when leaving it outdoors. Clean with mild soap and warm water, scrubbing when necessary.
