

AnchorPro

THE RUG PAD
Company

SAFE FOR FLOORS

We carefully source materials that won't stain or strip hard surface floors.

MADE IN THE USA

We cut out the middleman to deliver a premium product at a fair price.

MORE SIZES

Our pads are cut by hand for each order and we offer non-standard pad sizes.

PRODUCT BENEFITS

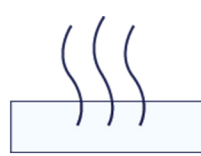

FLOOR PROTECTION

Prevents damage to hard surface flooring from foot traffic, rug backings and heavy furniture.

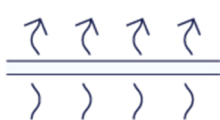

BETTER GRIP

Natural rubber grips better and lasts longer than synthetic alternatives.

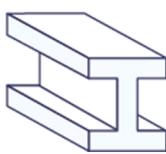

NO ODOR

Very low VOCs, completely odorless, and free of glues, adhesives and plasticizers.

BREATHABLE

Needlepunched to facilitate airflow and prevent against moisture buildup and mold.

REINFORCED BACKING

Natural rubber backing is coated 2x to prevent breaking down and drying out.

SUSTAINABLE

Made with natural rubber from real rubber trees and pre-consumer recycled felt.

OUR RUBBER LASTS LONGER

NOT PURCHASED FROM
THE RUG PAD COMPANY

To cut down on costs, rubber is often mixed with clay and limestone fillers that break down and disintegrate prematurely.

VS.

PURCHASED FROM
THE RUG PAD COMPANY

Our rug pads are made of 100% natural rubber and are engineered to last up to 4 times longer than comparable felt and rubber padding.
